

Do you have any questions about the following?

- dental diagnosis and treatment options
- alternative treatments
- prevention of tooth decay and gum disease
- new therapies

Our team of dentists and dental nurses is at your disposal. Not only do we offer advice over the telephone but also by fax and e-mail. If necessary you can also arrange a personal appointment with us. We also have various information leaflets and brochures about dental issues.

When to contact us:

Monday – Friday
09.30 to 12.00 and
Tuesday + Thursday
14.00 to 15.30
Tel.: (06221) 522 811
Fax: (06221) 522 850

You can also use the above telephone number to make an appointment.

If you want to send us an e-mail message, no problem – our address is verbraucherberatung@ag-zahngesundheit-hd.de

Problems with teeth?

Pilot scheme "Rhine/Neckar District Dental Advisory Service for Patients and Consumers"

Study Group on Dental Health
Advisory Service for Consumers and Patients

We are here to help you!

- Free
- Personal
- Impartial
- Professional

Only well-informed consumers and patients can decide which is the best treatment for them.

Government has therefore asked the leading health insurance associations to sponsor impartial pilot projects offering [consumer and patient advice](#) independent of any pressure groups.

One of the associations receiving sponsorship is the Study Group on Dental Health's [Dental Advisory Service for Consumers and Patients](#).

Association headquarters:

Landratsamt Rhein-Neckar-Kreis/
Gesundheitsamt – Zahnärztlicher
Dienst [Rhine/Neckar District
Administration Office/
Health Office – Dental Service]

The advisory service is available [free of charge](#) to all citizens of the city of Heidelberg and of the Rhine/Neckar district with statutory health insurance.

We aim to answer all your questions relating to teeth. We offer a quick, direct and expert advisory service.
